Frictionless Smart Vending Solution

At the heart of our vending solutions is a belief in balanced, smart technology rooted in efficiency, healthier options, and personal service that is as adaptable as it is reliable.

We exist to elevate everyday spaces with forward-thinking breakroom solutions that nourish minds, fuel bodies, focus on wellness and provide convenience.

Our goal is to build a smarter future, one vending experience at a time – all while staying grounded in what makes us human.

Our **Value Proposition**

- ✓ **Smart technology meets wellness-focused service.**
- ✓ **Healthier snack and beverage options.**
- ✓ **Frictionless, 24/7 convenience.**
- ✓ **Forward Thinking, sustainable solutions.**

Why **We're Different**

- ✓ **Personalized, boutique service.**
- ✓ **Custom solutions tailored to your place.**
- ✓ **Agile adoption of new technology.**
- ✓ **Focused on long-term partnership.**

Cutting-Edge **AI Smart Cooler**

- ✓ **AI vision tracks inventory in real-time.**
- ✓ **Fast, grab-and-go checkout (10s or less).**
- ✓ **Proactive inventory management.**
- ✓ **Modern, cashless transactions.**

Data-Driven Optimization

- ✓ **Real-time analytics on product performance.**
- ✓ **Quickly replace slow-moving items.**
- ✓ **Dynamic pricing strategies.**
- ✓ **Data insights shared with your campus team, if requested.**

Security & Reduced **Shrinkage**

- ✓ **Smart cooler system eliminates theft.**
- ✓ **Every item automatically tracked.**
- ✓ **No disputes over inventory.**
- ✓ **Creates a secure reliable vending experience.**

Chef-Crafted Healthy Meals

- ✓ Commitment to continuous innovation.
- ✓ Responsibly sourced, locally sourced ingredients
- ✓ No artificial preservatives, no frozen shortcuts
- ✓ Nutrient-dense, pre-portioned meals
- ✓ Cooked with heart-healthy, anti-inflammatory oils (avocado & olive oil)

Reliability & Maintenance **Advantage**

Remote monitoring ensures proactive service.

Rapid, local maintenance response.

Consistent service schedule for predictability.

Sweetener

Just **Walk Out**

Just Walk Out technology streamlines retail by replacing traditional registers with computer vision, sensor fusion, and deep learning. The system automatically tracks items as they are removed from shelves, enabling a "grab-and-go" experience where customers simply scan to enter and walk out to finish. This innovation maximizes operational efficiency while delivering a seamless, frictionless journey for the shopper.

Flexible Solution for **Every Space**

COMPUTER VISION

Best for snack, beverages, groceries.

VENDING CONVERSION

Transform vending areas into high-capacity micro-markets

RFID TECHNOLOGY

Ideal for soft goods, apparel, fan merchandise

TAP – SHOP – GO

1 ACCESS

Enter by tapping a credit card, mobile wallet or app

2 EXPERIENCE

Computer Vision & Weight Sensor track Items Automatically

3 EXIT

Customers simply walk out. System processes payment and sends digital receipt
